Rules of the “Fantaisy Surf 64” prize competition

2026-2027 season · Version 2, 25 November 2026 · Pyrénées-Atlantiques Surf Committee (Comité Départemental 64 de Surf)

Article 1 · Organiser

The free “Fantaisy Surf 64” prize competition is organised by the Comité Départemental 64 de Surf, a non-profit association governed by the French Law of 1901 and the departmental body of the French Surfing Federation, Centre Départemental Nelson Paillou, 2 allées des Platanes, 64100 Bayonne, France (SIRET 405 381 492 00041), hereinafter “the Committee”.

Article 2 · Duration and purpose

The competition runs from 28 November 2026 up to and including the TÊTARDS event on 19 and 20 June 2027. Participants predict the podium (Top 3) of the categories of competitions organised or coordinated by the Committee and published on the official Stact app. The prize draw takes place at a prize-giving evening held after the last competition; its date is announced on surfing64.fr at least one month in advance.

Article 3 · Eligibility

Entry is free and no purchase is necessary. It is open to any individual residing in France or Spain.

Minors may take part with the permission of a parent or legal guardian, which the Committee may request at any time; any prize won by a minor is handed to their legal guardian.

One entry per person (same name, same email address). Multiple entries, accounts created under a false identity or any attempt at fraud lead to exclusion.

Article 4 · Predictions

Predictions are made from the “My profile” area of surfing64.fr, accessed through a login link sent by email.

For each competition confirmed by the Committee (published on Stact with its list of competitors), predictions open 48 hours before the start of the competition, at 8 am Paris time, and close when the competition starts: for example, from Thursday 8 am to Saturday 8 am for a competition starting on Saturday.

A cancelled competition does not count. If a competition is postponed, predictions already made are kept and the window reopens under the same rule before the new date. The Committee board decides on any special cases.

Article 5 · Qualification and prize draw

Anyone who has made at least one prediction for at least three different competitions during the season qualifies for the prize draw.

Each qualifying person has one chance only, regardless of the accuracy of their predictions. The draw is public and selects one winner per prize and two reserves.

Winners are notified by email and have one month from notification to claim their prize; otherwise it goes to the next reserve. Winners are published on surfing64.fr by first name and surname initial.

Article 6 · Prizes

Prizes are non-cash only and are presented on the Fantaisy Surf 64 page: a surf coaching session with Félix Delanne, a winter wetsuit donated by a partner, two passes for the Quiksilver Festival and a signed surfboard. The final list and indicative value are published at least one month before the draw. Prizes cannot be exchanged for cash; if a prize becomes unavailable, a prize of equivalent value is offered.

Article 7 · Personal data

The data collected (first name, surname, email address, optional club, chosen categories, predictions) is processed by the Committee, as data controller, to run the competition and award prizes. Legal basis: performance of these rules. Game-related emails are separate from the newsletter, which is only sent to those who have chosen to receive it.

The data is hosted by Supabase on servers located in the European Union, can only be accessed by the Committee's technical service providers, and is kept for two years after the last participation. It is neither sold nor passed on. Only winners' first names and surname initials are published.

Each participant has the rights of access, rectification, erasure, objection, restriction and portability, which can be exercised via the contact form on surfing64.fr, as well as the right to lodge a complaint with the CNIL (French data protection authority). Details in the privacy policy (surfing64.fr/mentions-legales-en.html#rgpd).

Article 8 · Changes

The Committee may shorten, extend, modify or cancel the competition if circumstances so require (weather, sporting cancellations, force majeure). Any change is set out in an amendment published on surfing64.fr and emailed to participants.

Article 9 · Acceptance, language and governing law

Registering implies acceptance of these rules, confirmed by the box ticked on registration. The rules are available in French, English, Spanish and Basque; in the event of any discrepancy, the French version prevails, subject to applicable mandatory rules.

These rules are governed by French law. Any dispute will first be subject to an attempt at amicable settlement, then to the competent courts under the applicable rules, without prejudice to the rights participants hold under the mandatory provisions of their country of residence.

These rules can be consulted free of charge at surfing64.fr/fantasy-en.html and are available on request via the website's contact form.
